COVER—Maintenance soldiers of the 1st Infantry Division repair an Improved TOW vehicle as part of the "Big Red One's" materiel readiness offensive, which dramatically reduced the number of weapon systems in maintenance backlog. See the article beginning on page 2.

Army Logistician publishes timely, authoritative information on Army and Defense logistics for the Active Army, Army National Guard, Army Reserve, civilian employees of the Army, and the public. Our purpose is to increase knowledge and understanding of logistics and to encourage and stimulate innovative thought in areas of logistics by providing a forum for those ideas. The views expressed in the articles are those of the authors and not necessarily those of the Department of Defense or the Department of the Army. □ Photographs are U.S. Army unless otherwise noted. Material may be reprinted if credit is given to *Army Logistician* and the author, except where copyright is indicated. □ Use of "he" and any of its forms is intended to include both masculine and feminine genders. Exceptions will be indicated. □ Articles, photographs, and items of interest on any facet of Army logistics are invited. Direct communication is authorized to: Editor, *Army Logistician*, ALMC, Fort Lee, VA 23801. □ Use of funds for printing this publication was approved by HQDA on 1 October 1983 in accordance with AR 310-1. □ Active Army units receive distribution under the pinpoint system outlined in AR 310-2. DA Form 12-5 must be sent to Cdr, AG Publications Center, 2800 Eastern Boulevard, Baltimore, MD 21220. ARNG and USAR units must submit requirements through State adjutants general or USAR channels. □ Subscriptions and rates are available from Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.
