### DEPARTMENTS

- 1 **Emphasis**
- 39 **Recently Published**
- 40 **Digest**

**COVER**—The robotic manipulator arm for handling ammunition, shown on the cover, is part of the more efficient and less labor-intensive logistics support equipment designed to meet the logistics support requirements of Army 21. For details, see the article beginning on page 4.

*Army Logistician* publishes timely, authoritative information on Army and Defense logistics for the Active Army, Army National Guard, Army Reserve, civilian employees of the Army, and public. Our purpose is to increase knowledge and understanding of logistics and to encourage and stimulate innovative thought by providing a forum for those ideas. The views expressed are those of the authors and not necessarily those of the Department of Defense or the Department of the Army. □ Photographs are U.S. Army unless otherwise noted. □ Material may be reprinted if credit is given to the magazine and the author, except where copyright is indicated. □ Use of "he" and any of its forms includes both masculine and feminine genders. □ Articles, photographs, and items of interest on any facet of Army logistics are invited. Direct communication is authorized to: Editor, *ALOG* Magazine, ALMC, Fort Lee, VA 23801-6044. □ Use of funds for printing this publication has been approved by the Secretary of the Army on 1 October 1984, IAW provisions of AR 310-1. □ Active Army units receive copies through the initial distribution system as outlined in AR 310-2. DA Form 12-5 must be sent to Commander, AG Publications Center, 2800 Eastern Blvd., Baltimore, MD 21220-2896. ARNG and USAR units must submit requirements through state adjutants general or USAR channels. Private subscriptions and rates are available from Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.
